Introduction

Purpose

The **ofcdesk** Instructional Software team is committed to providing high-quality material to help you get the most out of our products, so we provide you with this Guide to assist you with library and **ofcdesk idc** installation and updating.

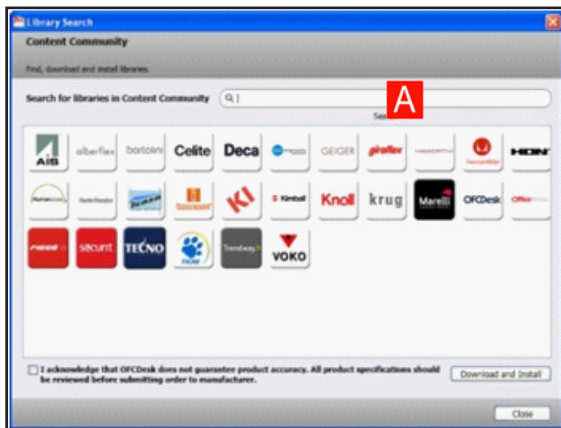

The appearance and information displayed in the dialog boxes may vary according to product line.

Adding Libraries to ofcdesk idc

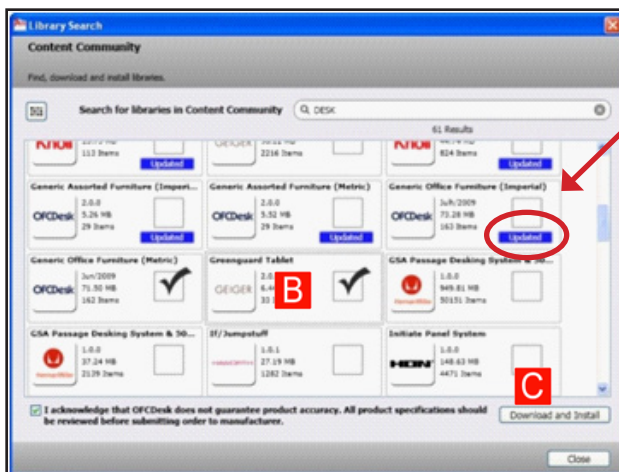

Downloading libraries

ofcdesk idc allows you to easily download libraries through Content Community.

- 1 Using **ofcdesk idc for AutoCAD® or Revit®**, click on the **Content Community - Libraries icon** (Library Search)
- 2 Select a manufacturer clicking on its logo and check available libraries, or..
- 3 Enter the complete or partial library or manufacturer name into the Search for Libraries in Content Community field and hit **ENTER (a)**

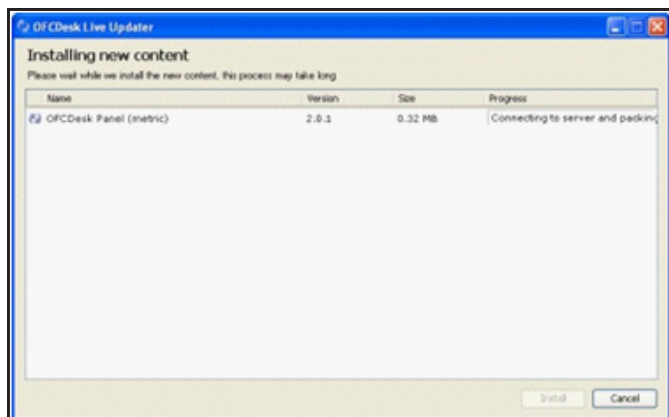

- 4 Select the libraries you wish to download from list provided, choose libraries you want to install checking the boxes **(b)**
- 5 Click Download and Install **(c)**.

If you have a library installed and updated on your computer, an UPDATED text message in blue appears under the library checkbox. And if updates are available, an UPD.AVL. text message in yellow appears under the library checkbox.

A dialog box is displayed, including a report with available libraries to install.

Click on **Install button**.

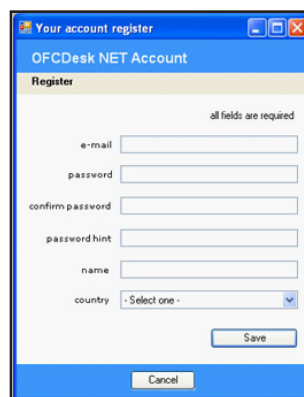

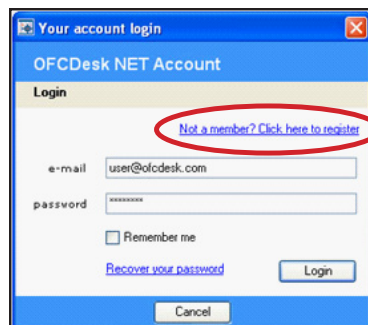

Minimize the window and keep working on your project while downloading or updating one or more libraries.

After the download, restart your CAD program to complete the process.

Important! You must be connected to the Internet, and must have an **ofcdesk NET** account to download libraries.

If you do not have an **ofcdesk NET** account, you can create one by clicking on Not a member? Click on **Click here to register**.

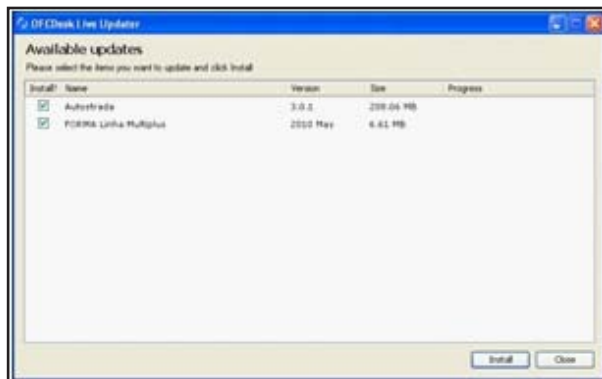

Fill out the form and click Save. Follow onscreen instructions. **It's free!**

Updating Libraries and ofcdesk idc

When you start your CAD program, an automatic message appears once a day providing updates available.

Click **Yes** to proceed with the update.

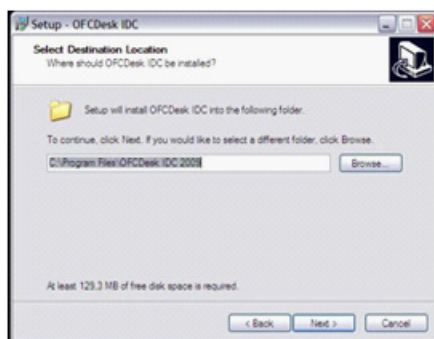

Select the libraries you wish to update checking the boxes.

Click on the **Install** button.

For **ofcdesk idc** program update, after clicking Install, the Setup Wizard Dialog Box will open.

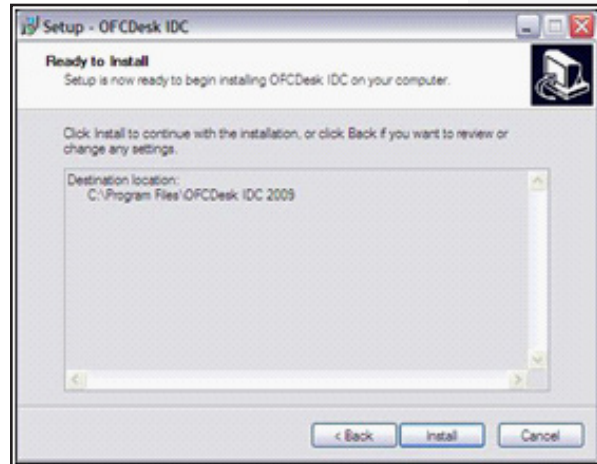

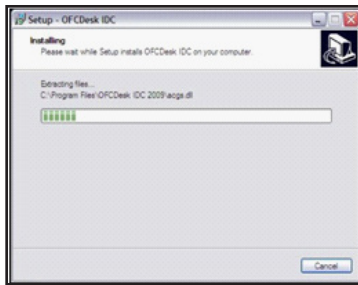

In the Setup Wizard, click Next.

Select folder where you want to save ofcdesk idc. And Click **Next**.

Confirm the destination folder and click **Install**.

See the installations progress.

Select **Yes**, and restart the computer now to complete installation. Click on **Finish**.

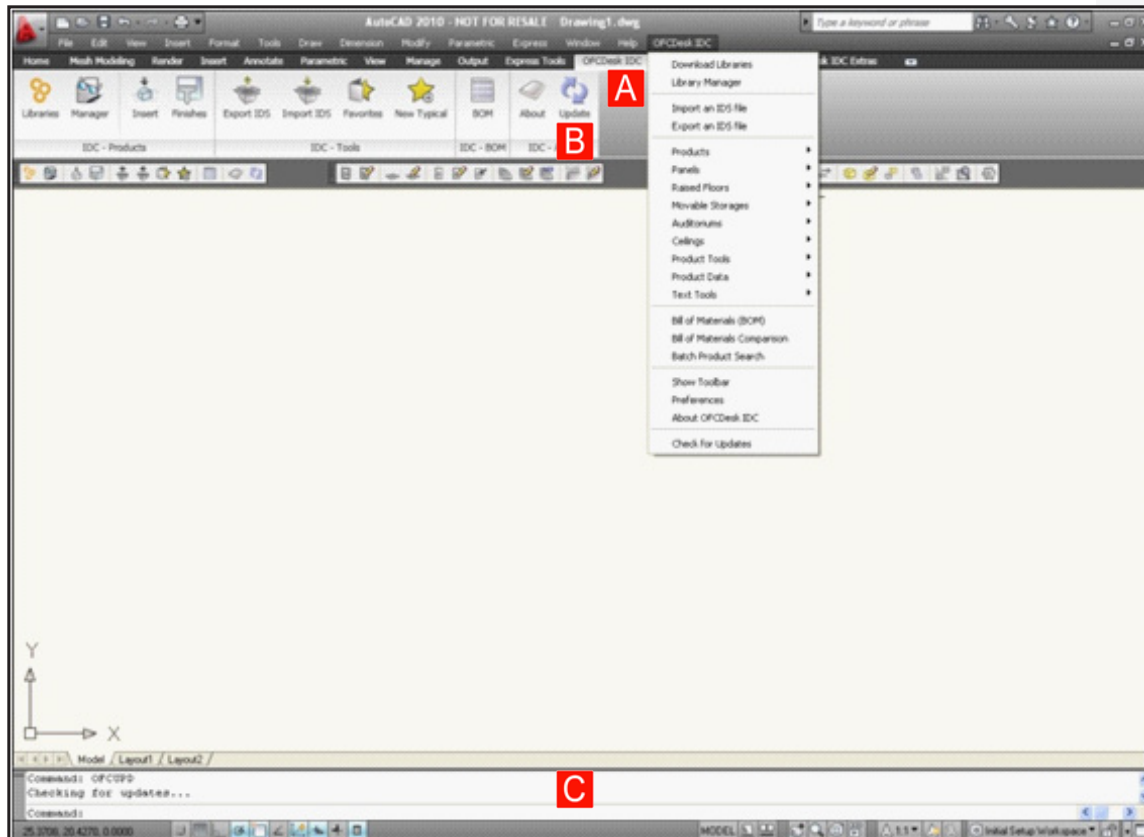

After the download, restart your CAD program to complete the process.

ofcdesk idc and/or libraries will be updated after restarting your computer.

Verify you have the latest ofcdesk idc and library versions at anytime

When using AutoCAD®, access the ofcdesk idc menu **(a)** or Main Toolbar **(b)**, and select **Check for Updates**.

Or type **OFCUPD** into command prompt **(c)**.

When using Revit®, click on the **Update** icon to check for available updates.
